Tax Collector Has a Grievance

Ambrose McSweeney, the County License and Tax Collector, contends that he is not provided with sufficient clerical help to properly conduct the large volume of business of his office. As proof of this he cites Fresno county which issues 26,376 tax bills, the Tax Collector being allowed three regular deputies and a bookkeeper and a stenographer; and San Joaquin county with a total of 20,000 tax bills, the Tax Collector being allowed three deputies the whole year. Last year Mr. McSweeney issued 26,911 tax bills besides his other work, and to do this he is allowed one deputy for four months each year. For the remaining eight months he pays the deputy's salary.

Sheriff Paroles Prisoners

The last act of retiring Sheriff J. H. Mansfield was a most gracious one. Acting in accordance with District Attorney Swart, an order was issued granting parole to Peter Johnson and Adolph Aschliman. These are the men who on Christmas day prevented a jail delivery from the county jail.

JUDGE SEELY HAS UNIQUE MARRIAGE CEREMONIAL

Judge George Seely, the new justice of the peace of the Third township, has originated the following words and phrazes in his marriage ceremony. They are unique and original and ought to impress those seeking the marriage state and who will come before the judge:

"My dear fellow beings, your presence indicates a contemplated venture upon the sea of matrimony under the direct command and in the presence of a Divine Providence who needs no other witnesses other than his own infallable observation, but as the very nature of mankind is subject to uncertainties, passions and divers other motives; it is therefore deemed meet to perform the ceremony in the presence of mankind; the witnesses.

"Marriage—the most important function of our creation, has appealed to you, else you would not be here, seeking the gift of your creator, and his blessing that arranges two minds to harbor but a single thought, and incidentally causes two hearts to beat as one. Consider well, my friends, the covenant you are about to consummate—for there may come dark days when the ethics of your bond of companionship will be sorely tried, ship-wrecked in the the Gulf of Dispair and tossed on the stormy waves of Indifference, and t'is then that your united efforts should prevail, ever remembering that every cloud has it's silvery lining, and that sunshine follows the storm. In accordance with the ancient custom of our forefathers, I herewith desire to know if anyone present can show just cause why this man and woman should not be united in the bonds of Holy Matrimony, let him speak now or forever remain silent.

"Thoughtful then, as to the need and far reaching consequences of the vow you are about to assume, I propose the marriage covenant; Do you take Jane Doe to be your lawful wedded wife, to have and to hold from this day forth; Do you promise to love her, protect and cherish her, and cleave unto her —and her alone as long as life shall last?

(Repeat same to man.)

JOIN HANDS

"'Whom God hath joined together let no man put assunded." (ring)

"The ring is an ancient symbol of eternity, and it's constituent—gold, coincides with the basic purity which should be yours—just as truly as love is heavenly foreordained, and will survive 'een when the rugged granites have crumbled to the dust that forms the sands of the sea.

(Place ring on finger.)

"For inasmuch as you have agreed in this, life's most important contract, the same being done in the presence of God and these witnesses assembled, and having plighted your troth to each other and signified the same by giving and receiving the emblemic ring and by the joining of your hands, which in this instance is the visible expression of consolidated hearts.

"I do now, by virture of the authority in me vested, and in accordance with the laws of the State of California, pronounce you man and wife, and invoke upon your hearts and your home, the choicest blessings of a divine Providence."

Want Lower Rates.

The City of Palo Alto, Santa Clara County, and the Palo Alto Chamber of Commerce have filed a complaint with the Railroad Commission against the Southern Pacific Company, in which it is alleged that the company's rates from San Francisco, San Jose and intermediate points to Palo Alto are excessive and discriminatory. San Mateo county has a similar grievance against the railroad company which will be heard this month.

BUCK IS PASSED TO PROPERTY OWNERS

Unless Material Improvement is Made in Edgewood Road Council to Take Hand

Unless the owners of property abutting on Edgewood Road take some action in the very near future to place that thoroughfare in at least fairly presentable and servicable condition for its entire length wihtin the city limits, the city authorities will take a hand and will institute steps to compell improvements which will certainly be of a far more costly nature. While some improvement of this street has been under discussion for some time without definite conclusions this determination was made evident at the meeting of the trustees last Monday evening, following a mild protest voiced against the existing disreputable condition of affairs by George C. Holberton, whose attractive residence property is situated just outside of the city limits. In making his request Mr. Holberton stated that efforts were being made to build up this desirable residence section which was tributary to the business of the city and that those interested had found themselves handicapped in their efforts by the inconvenience experienced in traveling over this most direct avenue of approach to their homes. While Mr. Holberton urged that it was not his desire that owners of property along the street be put to unnecessary expense, he pointed out that the county had already put that portion of the road outside of the city limits in good condition and that it was but justice to all that the portion within the municipality be made to correspond, especially in view of the fact that the business of the city benefited by the trade of the residents of the section.

That there was urgent need of repairs of some sort without delay was admitted by the trustees, all of whom were present at the meeting. It was also developed during the discussion that so far the sole cost of what improvements had been made had been a charge against the general funds of the city. With this view it was determined that in all justice future work should be done at the cost of property abutting upon the street. At the same time it was considered that if owners of property would undertake to provide a fairly well macadamized roadway sufficient to accommodate present rtavel it would be inadvisable at this time to require the expensive construction necessary to comply with the city's requirements for a paved street. With this view, Street Superintendent Dickey was given authority to make such slight repairs as would admit of the use of the street during the present wet sesaon and at the same time endeavor to induce those interested to voluntarily place the roadway in servicable and presentable condition.

In a communication announcing her intended removal from the city, Mrs. A. S. Kalenborn, who has been chairman and the directing spirit of the Park Commission from the time of its first formation, tendered her resignation as a member of that body. In offering her resignation, Mrs. Kalenborn paid a high compliment to her fellow members for their efficient work and especially to Street Superintendent J. C. Dickey for the constant interest he has displayed in the work. In accepting the resignation, the trustees expressed bmuch regret at the prospective loss of the services of Mrs. Kalenborn and requested Chairman Merrill to communicate to her the appreciation of the council for her work.

Chairman Merrill announced that the annual meeting of the Tourist Association would be held at San Jose on the 16th of the present month and at his suggestion Trustee Tuchsen was requested to attend as the official representative of the city.

The application of Lee Clark for a license to conduct the saloon in connection with the Redwood City House was granted.

A second application from Jose Conde for a license to conduct business under the provisions of the ordinance recently adopted for the regulation of that business was granted, though not without a show of some hesitancy on the part of athe trustees,

An ordinance designed to make effective the recommendations for the rearrangement of the duties of city employees, recommended in the report of the committee submitted at the last meeting, was presented by City Attorney Mansfield and given its introductory reading. Under the provisions of the ordinance, City Clerk Plump will be required to devote his entire time to the work of the city and assume the duties of collector for the municipal water system. Marshal Coleman will devote his time to police duties exclusively.

Following an assurance from Mr. Holberton that a similar permit would be granted by the Pacific Gas and Electric Company, formal authorization was given the postal authorities to place boxes for the collection of mail, in connection with the free delivery service, upon the poles of the city street lighting system.

While no definite action was taken upon the subject, some time was devoted to the general discussion of a proposed draft of an ordinance for the regulation of the storage and sale of gasoline and similar products.

The matter of the selection of a successor to Mrs. Kalenborn on the Park Commission was laid over pending suggestions from the remaining members of that body.

HAPPY LA HONDA

And it Was a Wild Night Among the Redwoods.

LA HONDA, Jan. 6—New year was ushered in here with a bang. At an early hour crowds began to assemble in front of our beautiful new post office building in our new civic center. The elite, beauty and fashion packed our streets. La Honda avenue, Lone Pine avenue, Central avenue, and Main street were almost impassable. Tables at our gay resorts had been reserved days ahead. The lights glittered and mirth prevailed at the Woodruff, Cavallis' and Kieffers' cafes. On New Years the La Honda orchestra (eulogized in our last issue) gave a swell musical at the Sears' and refreshments were served. The center of activities on New Year's Eve was at the handsome residence of the Steinbergs' where the guests were entertained and a dainty repast partaken of. Everywhere the holiday spirit was rampant. At midnight the wild school bells rang out, there was the blowing of horns, the noise of artillery and the wide streets were knee-deep with confetti; and Count Ferdinando Bistache added to the din by ringing musical cow bells. The long county road from the Woodruff to Kieffers' place was decorated with huge redwoods and evergreens and the La Hondans had brilliantly lighted the sky with myriads of stars. In anticipation of the coming New Year, many were the good resolutions made—a few days before, for some of our citizens swore not to touch a drop of liquor—until New Year's. And these resolutions bore fruit. The moon was full—and there were others.

Jerry Owens, superintendent for Barrett & Hilp, went to San Francisco to celebrate.

Charles Wagner is also spending the New Year in town. The muscles of his brawny arms as strong as iron bands, and under a spreading redwood tree his little smithy stands.

Charles Cavalli has returned from the city where he has been inspecting the World's Fair. He reports everything satisfactory and approves of it. The directors of the Exposition will be very much pleased with his decision.

"Delayed in transmission," as they say in the war dispatches: Miss Jessie Storie was given a charming surprise party at Mrs. Frank Cavalli's previous to our teacher's departure for her ancestral home at San Jose, where she will spend her vacation.

The original plant was brought from South America at great cost. The bloom is of a beautiful white color, with large, delicate petals, sending forth a sweet odor. Horticulturists, florists and scientists from all parts of the country are making pilgrimages to the shrine of this floral wonder. It has created no end of interest among the florists. MacBain Was a "Wise Guy."

Supervisor John MacBain is being congratulated on every side by his many friends in this city over the excellent judgment he exercised in the selection of the election officers who officiated in the six precincts here at the late general election. While geneial Mac's ability as a supervisor has hardly ever been questioned, it was never generally known that he was an expert on the clerical ability of the gentler sex, but as twelve women were chosen to sit on the various election boards in this city, and who, by the way performed their duties in a highly satisfactory manner, it is to be conceded that John knows a thing or two when it comes to selecting an election board. It is even rumored that Mr. MacBain once served as a judge in a feminine cake baking contest and awarded the prizes without a single woman participant exclaiming, "The mean thing."

In the recent contest for Sheriff the ballots in 45 precincts were canvassed, and out of that number in 30 precincts errors were found in the counting of the ballots for Sheriff, one in San Mateo No. 8 of 22 votes, In the six Redwood precincts not a mistake was discovered, which speaks volumes not only for the election officers, but for the wisdom of the Supervisor from the Third township who appointed them.

Issue Misunderstood.

In our issue of December 8th, says the San Rafael Independent, this paper criticised the action of the Pacific Telephone and Telewar tax of one cent on all messages of 15 cents from the public. A closer inspection of the Act passed by Congress revealed the fact that our criticism was premature, as the Act reads that the telephone company must collect this tax of one cent from the person sending the message. The Pacific Telephone and Telephone Company have heretofore promptly put into use all rulings handed down by the State Railroad Commission and we take pleasure in placing them in the proper light to all our readers regarding Federal Tax.

According to the complaint the copartnership was formed on January 8, 1912 for the purpose of conducting a saloon in the Demartini building on Arguello street, Redwood City. The complaint alleges that Delucchi has violated the town ordinance in that he has sold liquor to persons under the influence of liquor and has on numerous occasions kept saloon open after hours. Plaintiff asks that a receiver be appointed to take charge of the business and that defendant be enjoined from collecting the money of the firm or of disposing of the property, effects of said copartnership.

Plymire Named Administrator

Judge Buck decided on Thursday that the estate of George Southerland, the remains of whom were found in the Selby field on December 23, should be probated in this county. Shortly after the body was discovered Dr. Plymire the Public Administrator, through his attorneys, Ross & Ross, filed a petition for letters of administration. A week afterwards the public administrator, M. J. Hynes of San Francisco also filed a petition for letters claiming that the deceased was a resident of that city. It was shown by witnesses produced by Dr. Plymire that the deceased was a consumptive and was being treated by Dr. Chester Sewall of San Francisco for that dreaded disease. He was advised by the physician to move to the country and he did so in March, 1914, coming to San Mateo. It was shown that Southerland resided at a San Mateo hotel last July. Attorney Cullinan, for the Public Administrator of San Francisco, relied on the fact that the deceased had been residing at the Denver House on Third street, San Francisco, for a number of years and kept his suit case there. The court however, held that this was was not sufficient and granted the prayer of Dr. Plymire's petition.

Friends Congratulate Sheehan

Lampkin will be Mr. Sheehan's under sheriff and Mr. Parker will be retained by the new sheriff as jailer. Mr. Sheehan could not have made better appointments. LARGE SCHOOL ATTENDANCE REQUIRES NEW TEACHER

The grammar school opened Monday with an attendance of 510, the largest enrollment the school has ever had. This great increase in the attendance has caused a congestion in some of the class rooms, particularly in the lower grades, which interferes with the progress of the pupils. In order to lessen the work of the teachers and secure better results the trustees have employed Miss Petra Johnston as a teacher and a new class room will be at once fitted up. Miss Johnston, who is the popular daughter of J. F. Johnston, is a graduate of the local schools and of Stanford, and by a postgraduate course has fitted herself for the teaching profession.

The kindergarten is succeeding beyond the expectation of its originators, there being an enrollment of over forty.

STOP BUYING EXPENSIVE COUGH REMEDIES

Make the Best at Home

Money spent for the old style ready-made, cough syrups in bottles holding only 2 to 2½ ounces is very largely wasted, because most of them are composed principally of sugar and water. Yet you have to pay the same price as if it was all medicine. Stop wasting this money. You can make a better cough medicine at home at one-fifth the cost. Merely go to Ryan's Drug Store and ask for 2 ounces (50c worth) of Schiffmann's Concentrated Expectorant. Mix this with one pint of granulated sugar and one-half pint of boiling water, which makes a full pint (16 ounces). This new, simple, pleasant remedy is guaranteed to relieve the worst cough or cold. Also excellent for Bronchial Asthma, Bronchitis, croup, hoarseness and whooping cough. One bottle will make enough home-made cough medicine to probably last the whole family the entire winter. Children like it, it is so pleasant to take and it positively contains no chloroform, opium, morphine or other narcotics as do most cough mixtures. Keep it on hand in case of emergency and stop each cough before it gets a firm hold. The above druggist has been authorized to return the money in every single case where it does not give perfect satisfaction or is not found the best remedy ever used. Absolutely no risk is run in buying this remedy under this positive guarantee.
